SEM.GROUP

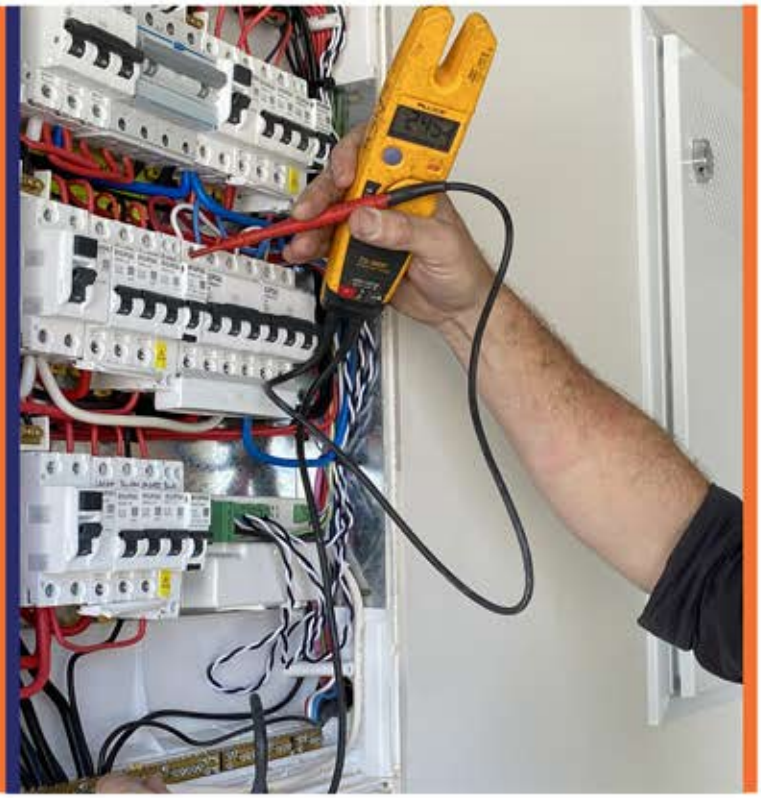
Electrical

SEM Group specialise in both preventative electrical maintenance and reactive electrical repair for commercial and residential clients.

With over 40+ years combined experience in the industry our knowledge and expertise in all areas of electrical and lighting is unmatched.



Air-Conditioning

Our teams of refrigeration technicians across Australia supply, service and install air-conditioning systems of all sizes for both residential and commercial clientele.

With strategic partnerships with industry leaders like Mitsubishi Heavy Industries you can rely on SEM Group for all your air-con needs.

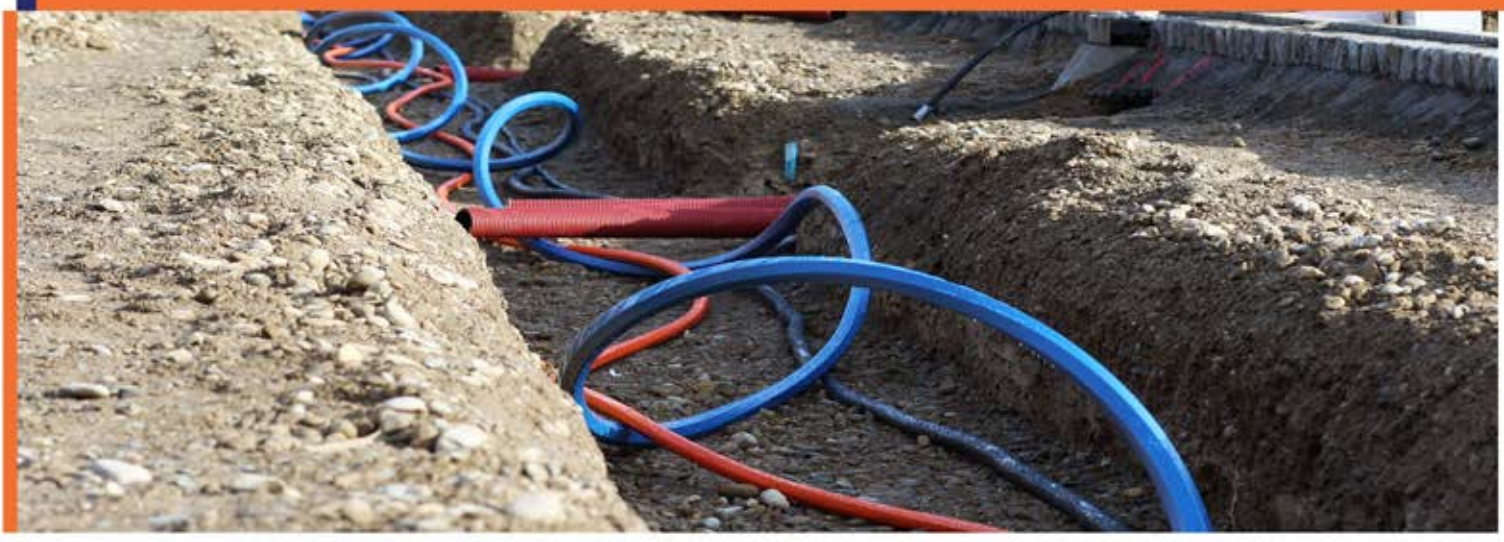
SEM.GROUP

Security Cameras

SEM Group are capable to install and maintain security cameras across Australia. With our team of trained and dedicated specialists we can secure homes and businesses of all sizes.

Data & Communication

Our teams of technicians are able to install repair and maintain complex data and communication infrastructure for homes, businesses and government bodies across Australia.



SEM.GROUP

Energy Efficiency Auditing

Preventative & Reactionary Audits

Our team of trained and certified electricians provide comprehensive auditing of electrical systems across Australia.

Being certified Thermal Imaging Thermographers, we are able to identify possible faults in meter boxes and fix these issues prior to them causing major faults and failures.

SEM.GROUP

Roofing & Cladding

Wagaman Terrace

SEM Group's teams have the capabilities to provide complete renovations to homes and businesses across Australia.

SEM Group was commissioned to substantially renovate 2 homes in Wagaman, NT. These included;

Re-roofing

Wall-Cladding Replacement

6.65kW Solar Installation

TESLA Powerwall Installation

SEM.GROUP

Gate Motors

SEM Group's electricians are capable to install gate motors on boom gates, sliding gates and swing gates with solar kits.

Bore Pumps

Our teams have experience in supplying, installing and repairing solar bore pumps for residential and commercial clients.
